This public hearing is part of the statutory process for establishing a “by-trustee area” elections system. In a by-trustee area elections system, EOCWD would be divided into trustee areas and each Board member would be elected by only the registered voters in the particular trustee area where the Board member resides. The Board is currently elected using an at-large elections system, in which all Board members are elected by voters of the entire East Orange County Water District.

This public hearing is the second of two hearings held for the purpose of receiving public input regarding the composition of the trustee areas to be formed and the criteria the demographer will be directed to consider in drafting trustee areas, which will be the subject of future hearings before the Board.

Questions or comments should be directed to General Manager David Youngblood, care of Sylvia Prado, at sprado@eocwd.com or (714) 538-5815.
