

ROAD CLOSURE ALERT

ROAD CLOSURE:

CRAWFORD CANYON WILL BE CLOSED WEEKDAYS BETWEEN STOLLER LN AND BRAE GLEN 7:00 AM-5:30 PM FROM JULY 25 – AUGUST 15. USE ALTERNATE ROUTES.

East Orange County Water District (EOCWD) has begun the Crawford Canyon Phase of its Sewer Capacity, Reliability & Augmentation Project, and construction is underway that will impact traffic along Crawford Canyon Rd. **Please plan ahead by using an alternate route. Leave early to allow extra time to reach your destination as well.** Please keep in mind that inclement weather may necessitate schedule changes.

WHY THE ROAD CLOSURE:

Safety is one of our primary concerns. The contractor has to dig a 5 to 6 feet wide trench which will be over 20 feet deep in some areas. It is unsafe to have traffic passing through the work zone during these conditions.

Access to driveways will remain available. Prior notice will be provided if access will be restricted.

The most difficult part of this project which necessitates the road closure will be completed first. The remaining work can be performed while at least one lane of traffic is open.

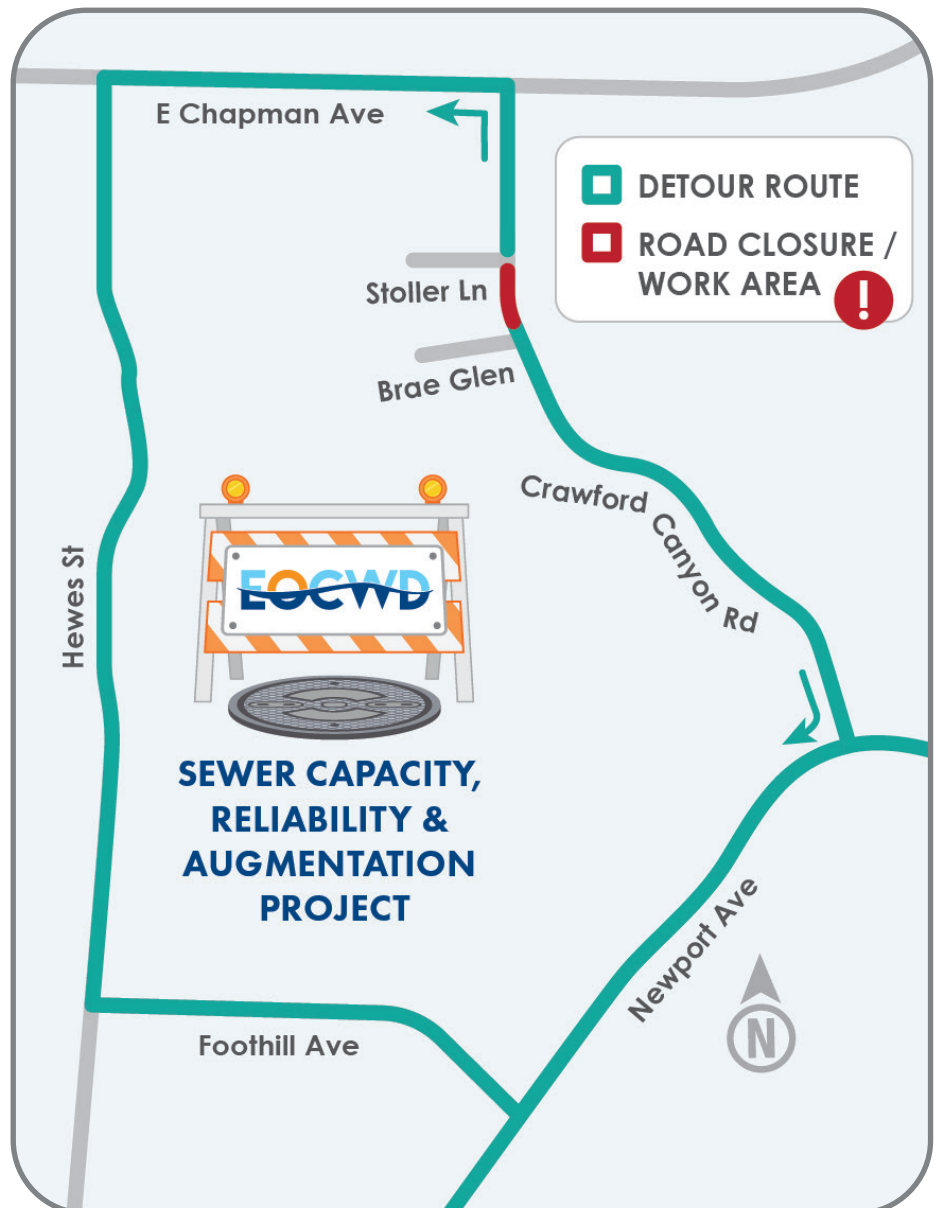

WHAT TO EXPECT DURING CONSTRUCTION:

- Large construction equipment to perform open cut trench excavation work.
- Increased truck and construction traffic.
- Pedestrian access will be available.
- Noise, dust and vibrations.
- Signs will be posted if any temporary parking restrictions are necessary.
- Neighborhood streets will remain open during construction.

HOW TO STAY INFORMED:

Visit the project webpage for current information and project updates posted regularly: eocwd.com/cra-project
