Orange, CA 92869-3720

Dear Ms. Ohlund,

To assist you with the completion of your Water Supply Reliability Certification and Data Submission Form, per the State Water Resources Control Board's revised drought regulations, the Municipal Water District of Orange County (MWDOC) is providing you with the following information:

- To determine MWDOC's wholesale imported need, the imported supply request for your agency has been listed as 4,129 acre-feet for years 2017, 2018, and 2019 respectively. Please make sure that these numbers are consistent with entry on "Worksheet 1" and labeled as "Surface Water: MWDOC/MET" in the self-certification form; and
- MWDOC has projected to fully meet the service area's imported supply requests, for the three-year period, given the State Board's parameters and in concert with the Metropolitan Water District of Southern California.

Additionally, this information, along with any backup documentation, is available on MWDOC's website (<http://www.mwdoc.com/state-regs>).

If you have any questions, please contact Harvey De La Torre at [hdelatorre@mwdoc.com](mailto:hdelatorre@mwdoc.com).

Sincerely,

Robert J. Hunter  
General Manager
